

# STUDENT STORY

## Patience Dumba

### Qualification:

Pharmacy Internship.

### Why did you choose your degree and what do you enjoy the most about it?

I am originally from Zimbabwe and worked as a qualified pharmacist in South Africa for several years. I love Australia and chose to continue my career as a pharmacist in Mudgee. I arrived here in Mudgee in May 2024. I currently work at Blooms Pharmacy and am completing my Pharmacy Internship to meet Australian pharmaceutical standards.

I am really enjoying living, working and studying in Mudgee. It is a lovely place and everyone is very friendly and supportive.

### How important is having the CUC in your local town to you and why?

I love coming to CUC Mudgee! It feels like a home away from home. I was so surprised when I first came to CUC to see just how beautiful the facilities are. I have everything I need for my study and I can spend the whole day here if I need to. It is a peaceful place that really keeps things going for me.
